CORVETTES of Buffalo

JUNE 2023

NEWS SINCE VETTE 1981

OFFICIAL PUBLICATION OF www.corvettesofbuffalo.com

Notes from the President:

May has turned out to be a great start to the Corvette season. Members are already out to area cruise nights enjoying the good weather. George and Karen Sparks were down to Bowling Green for the Annual Bash and George attended the Ambassadors meeting while they were there. I want to thank George and Karen for organizing the trip to the WGI Festival. There was a great turnout of 31 club members for the 2-day event, and everyone had a great time. There are already plans for next year's event, so look for more info later in this issue. I would have liked to attend but we had a commitment to attend the NCM 30yr. Caravan meet and greet event in Ogunquit, Maine. We had a great time with the Buccilli's and Weatherbee's, all while getting to know other people who we will be traveling with during the week down to the museum next August.

The next road trip for some of our members will be a week-long trip to the NCCC Convention in Bowling Green, KY. This is a rare opportunity to meet with other NCCC members and to visit the museum and Motorsport Park all at once. For those who are going I know you will have a great time. Finally, as some of you know, I have asked Dan Wroblewski to create a private Facebook page to be seen only by our members. You can post events not on the regular event calendar, let other members know what cruise night they will be at and invite them to join or post pictures they would like to share of the trips they may have taken. If you are on Facebook, go to Corvettes of Buffalo, "your group" and click on INVITE tab.

Save the Wave.... **Bob**

HAPPY ANNIVERSARY

JUNE ANNIVERSARIES:

1st Bob and Donna Harrer
6th Skip and Maureen Polowy
13th Mike and Lee Buccilli
21st Dick and Sue Brownlee
24th Jim and Lynn Kelly
28th Lowell and Karen Rothenberger
30th George and Karen Sparks

Note: Anniversaries need not be just for marriages – Contact the editor for your special anniversary.

JUNE BIRTHDAYS:

11th Ralph Nicosia
21st John Meyerhoff
22nd Paulette Krakowski
24th Pamm Seifert
28th Sally Scudder

Editor's Pages: *Dave Spencer*

Note: I optimize all photos in the newsletters, so view them on a big screen for even better results. Be sure to check out the [Corvettes of Buffalo website](#). Pictures and videos have been added. Also, thanks to Bob Joseph, George Sparks, and others who contribute to making this newsletter a better publication.

Cover: Why all those people on the cover?! (EDITOR) Focusing on Corvettes tells us only one side of the story. The bigger story is all of those people that participate in the events and make the club what it is. The officers and board can render decisions, but without help events will flounder. Fortunately, we have a lot of experience and talent in this club, and as they step forward, events are successful. Also helpful are when we participate in the events of other local clubs. WNYCC and the Rochester Club both have ties with us concerning Corvettes, but this area has many car shows that have a variety of interesting vehicles. Visit them and spread the word about us!

The “Car of the month” series continues. Thanks to the response at the meeting, I heard from several people interested in telling their stories. Check out this month’s...

Also, July issue will feature more Watkins Glen photos and info that I recently received.

With the talk about the new E-Ray, how many of you are familiar with the first electric Corvette?

Corvettes for Sale: Secret Motorola Prototype Electric-Powered 1987 Corvette

By **Mitch Talley** - May 12, 2023

1796 2

Actually, a team of Motorola “skunkworks” engineers in Northbrook, Illinois converted a [red C4](#) into the first electric Corvette way back in the mid-1990s, and now this rolling piece of EV history is [up for sale on eBay](#) at the “Buy It Now” price of \$100,000 – still a few thousand dollars less than the upcoming E-Ray.

The current owner says he’s talked to engineers on the Motorola team, and this one-of-a-kind Corvette shares similar architecture with the famous GM EV1. It was reportedly built by a few engineers with a \$25,000 budget, and they managed to get 272 peak horsepower from the electric motor. They theorized, however, that the output could hit as much as 428 to 800 horsepower with better batteries and a switch to an AC synchronous motor setup.

Nowadays, according to the listing, this prototype electric Corvette remains in “wonderful” cosmetic condition, with the exception of some clearcoat fade on the hood. Included with the sale will be 12 pounds of

documents, build sheets, manuals, and schematics for the car, which has been in storage for almost 30 years. The seller notes that the car does not currently run and drive, and the batteries will need to be replaced to get it back on the road. Indeed, the Achilles heel of this groundbreaking electric Corvette was Motorola’s inability to come up with an efficient battery, with the lead-acid batteries of the day limiting range, suffering from long charge times, and adding 700 pounds to the weight of the vehicle. We’re not sure similar problems don’t still exist in today’s electric vehicles.

NEWS FLASH: By **Keith Cornett** May 26, 2023

The [National Corvette Museum](#) started doing some maintenance work on its iconic Skydome in early May and yesterday they posted a new photo showing how the work is progressing. The work includes resealing the Skydome and then returning it back to the original gold.

From the [previous update](#), we noted how the Skydome's exterior was covered in a gray primer and on 5/16 we see it completely covered in white, and it sort of reminds us of Disney World's Space Mountain. This last update shows the individual panel frames being coated again.

Hello everyone,

Just a reminder, if you are planning to travel around the country this year, please don't forget to contact your NCCC brothers and sisters in the town you are visiting for recommendations for hotels, restaurants, sights to see or you're in need a good mechanic or dealership for assistance or just to meet up for a cup of coffee. They will be more than welcome to help you.

Drive safe! Mike B

George Sparks Ambassador

Lifetime
Member

Corporate Member of the NCM

Welcome everyone to “Summer”. Most if not all us have moved our “Vettes” from storage to the road. Which brings us to “insurance”. There are two (2) areas to cover.

1) COB has insurance for our participation in Club events, which we **must** sign-in at those respective events to be protected/covered.

2) to be legally on the highway, we need vehicle insurance. Some of you have told me that you have contacted NCM Insurance and have excellent coverage and hundreds of dollars in savings through them. Good job. Thank you for supporting NCM. Please let me know if you contacted the NCM Insurance and your outcome. It is information that I need to record for the NCM Ambassador Program.

Although this is the June memo, I am writing this as we are returning from the BASH. What an amazing event. So much to see and do. Attendees were able to get up close and personal with the E-RAY.

Not too late to plan on the NCM 29th Anniversary Celebration. For details visit NationalCorvetteMuseum.com website.

George Sparks:

VP MEMO OF THE MONTH – JUNE 2023

All of a sudden it is “Summer” and we are hitting our wheels to the pavement.

Take for an excellent example: on May 20th Ray and Debbie Shafer took 2nd Place at The Glen with their beautiful ‘58 Silver Blue Convertible. Congratulations on your award, especially since the competition was aggressive. The car show was amazing with many C1 participants. There were other model years on display as well, with more than 200 Corvettes participating.

Speaking of The Glen, the Watkins Glen 1st Annual Festival was a very successful event. There are already plans for next year and a HUGE spectacular 75th Corvette Anniversary is underway. As is expected with a 1st year event there were a few missteps. The Glen Motor Speedway one lap event was planned but later cancelled due to Lexus renting it for the weekend. Hopefully, next year will allow us to do a lead follow with The Glen Pace Car. As for the turn out, the newly built Convention Center comfortably holds 200 people for dinner. Although with 300 people a change had to be made and we had to relocate across the street to The Watkins Glen Convention Center that comfortably holds 500 people. Dinner was buffet style with chicken, roast beef, pulled pork and various sides. Richard Earl presented some very interesting history about his Grandfather, his Dad, and the imagination/inspiration of a two (2) seater sportscar. As the story goes, in 1951 Harley Earl, along with the “LeSabre” came to watch a race at Watkins Glen and was impressed with the two (2) seater sportscars, Ferrari, Lamborghini, Maserati, and the sleek Jaguars. He said GM needed to build a two-seater sports car. While in the Watkins Glen Chevrolet Dealership, Harley drew, on a napkin, a design of two-seater sports car. That sportscar eventually became known as the Corvette. Another exciting moment was the car display and the parade on the “circuit” along with 170 Corvettes lining both sides of the “closed off” main street for several hours. It was phenomenal and breath-taking. We were the 4th car in the parade. All we can say was WOW. We stopped counting Police cars when we reached 30. They were amazing, blocking any/all access roads to the 7 mile course. COB had 16 Corvettes at this event and YES, we already have hotel rooms blocked for next year. Watch for those details as Karen provides them. Save the wave and See YOU at The Glen. Our Corvettes are all set for an amazing 2023 season, June and July and August are very busy, enjoy and keep waving!

Paul Scilingo: Our newest member:

I’ve been a “Car Guy” all my life. I have built Street Rods and had various high performance cars over the years, but nothing comes close to the new C8.

I’m looking forward to meeting members of the club at any of the meetings or events I can attend and enjoying the camaraderie of the club.

JUNE CAR OF THE MONTH: owners Tony Malagisi and Marilyn Cosbey

Hello to all our COB Members. Our names are Tony Malagisi & Marilyn Cosbey. We have been partners for 5 years this month. After many years of marriage, we lost our spouses to untimely deaths before they were able to enjoy the fruits of their labor. Marilyn has 4 children and 9 grandchildren and I have 3 children and 7 grandchildren who are very important to us.

I have always wanted a Corvette and after realizing Marilyn was a Corvette fan, we decided it was the perfect time to purchase one. We bought a C6 3 years ago as an experiment to see if we would enjoy the Corvette life and WE DID. We upgraded to a C7 a year later and at the same time we ordered a C8. We enjoyed attending Cruise nights and events which is where we met Bruce & Ruth and Carol & Rich (god rest his soul) who invited us to join the COB and Denyse & Joe who welcomed us immediately. Since we both enjoy socializing and Corvettes, we found the COB to be just what we were looking for and are thankful to have so many new friends.

We winter in Florida every year enjoying the weather and our friends there, however, we miss our families and the activities the COB offers here in Buffalo. We love our C8 especially the way it handles and the style. After having a C6, C7 and now a C8 we can attest to the improvements the Corvette factory have made through the different Corvette Series. We enjoy our C8 and especially the members of the COB.

Thanks for making our C8 the Car of the Month.

Marilyn & Tony

From Sparky at the 2023
Bash:

An earlier newsletter memo wasn't complete enough, so George wanted to add this helpful information. (George) it was/is an excellent article on the DOT tire date codes. Although it isn't clear on how/where to look for the numbers.

Tires produced after January 1, 2000 will have a four-digit date code at the end of the DOT number, as displayed in the example below. The first two digits represent the week of production and the last two digits represent the year.

DOT Department of Transportation
XX Tire manufacturer/plant code
YY Tire size code
ZXY Tire manufacturer
4519 This is the date your tire was created. The first two numbers are the week, the second two numbers are the year.

FREE FOR ALL PAGES (Editor) 5/21/21 Cars and Coffee event at Eastern Hills
Spotted these Corvettes there: a new Z06, a beautifully done Gulf C8, a slightly modified blue Corvette, and a 2019 ZR1.

FREE FOR ALL PAGES: From Frank Pastore, we have beautiful Watkins Glen photos...

Here are photos from the 1st Annual Corvette Festival held in Watkins Glen on May 20-21, 2023. A total of 20 COB Corvettes assembled for a weekend of events presented by the Village of Watkins Glen. Over 175 Corvettes participated in a car show, dinner and a trip over the old race course which was replicated over the streets of Watkins Glen.

The theme was a celebration of the inspiration of Harley J Earl's work on the Corvette 70 years ago, as America's Sports Car.

I see this event growing in prominence in the future. "Special thanks to George & Karen Sparks for organizing an incredible weekend for COB members!" Frank Pastore

Frank: If anyone is interested, I was at Van Bortel last week for a yearly check up on my C7 and took a few pictures of the Corvette showroom. It is scheduled to open in September 2023

FREE FOR ALL PAGE: MAKE IT INTERESTING

I got this from Bob and Midge Woodley (Editor: a very impressive trophy. Rarely to you see one that size):

I attended the "Festival at the Beach" car show, hosted by WNY Oldsmobile Club. It was held at Evangola State Park on Sunday, June 26th 2022. After we arrived and got settled in, we decided to walk around and look at all the beautiful cars. As we walked by the area where all the trophies were held, I was picking the cars that I thought might win the Best of Show. There were some absolutely beautiful cars there. And as the trophies were handed out, everyone was waiting to see who would win the BIG trophy. I was shocked when they called my name, as there were so many awesome cars. It's always nice to win a trophy, but winning the Best of Show was something I didn't think I would win. I guess I was just in the right place at the right time....and with the right car!

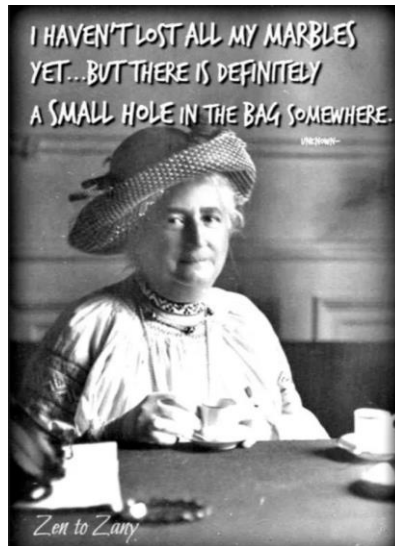

FREE FOR ALL PAGE: MAKE IT INTERESTING

5/26/23 Mike Buccilli retirement party at J's White Elephant:

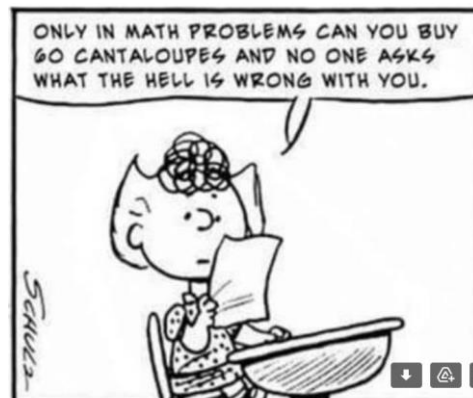

FREE FOR ALL PAGE: MAKE IT INTERESTING - (HUMOR)

I WENT BY THE HOUSE I GREW UP IN, AND ASKED IF I COULD GO IN AND LOOK AROUND. THEY SAID NO AND SLAMMED THE DOOR.

MY PARENTS CAN BE SO RUDE.

You'd be surprised how quickly employees at Lowe's assist you after ignoring you for 20 minutes when you try and start a chainsaw.

A police officer came to my house and asked me where I was between 5 & 6. He seemed irritated when I answered: "Kindergarten"

Being a little older, I am very fortunate to have someone call and check on me everyday. He is from India and is very concerned about my car warranty.

Welcome to the Corvettes of Buffalo

Welcome and Thank You for your interest in Corvettes

The Corvettes of Buffalo, is the largest and most active club in the area. We hope you enjoy your visit to our website as we are very proud of our Corvettes, our Members and the many activities that we organize each year. We are also proud to support local charities and to participate in community services and activities.

COB invites you to contact any of our Officers or Board Members if you have any questions or if you are ready to start enjoying your Corvette adventures with us!

Below are a few activities that we enjoy....but check out our past Newsletters and complete Gallery of photos of cool cars and exciting places from past club events.

And always remember to "Save the Wave"

Find out how we can help protect your Corvette!

PAINT PROTECTION FILM

Often referred to as "PPF," XPEL Self-Healing Paint Protection Film is perfect for protecting high impact areas, or even doing full coverage car wraps. Keep your paint safe from chips, scratches, and road debris with glossy ULTIMATE PLUS™ or satin finish STEALTH™ today.

BETWEEN YOU AND THE OPEN ROAD

ULTIMATE PLUS™ is one of the most advanced paint protection films on the market. Available in three different thicknesses to offer you the protection you need for exterior and interior surfaces. The entire ULTIMATE PLUS line up is virtually invisible and provides protection from everyday damages including scuffs, scratches, chips and more.
