VETTE NEWS SINCE 1981

JUNE 2021

**STAY HEALTHY, STAY  
SAFE, and Save the Wave!**

### THE PRESIDENT SPEAKS:

Everything in the past month has been positive and I am finally encouraged about the upcoming car season. Restrictions are being lifted for most events and businesses and it feels good to act almost like normal. Attendance at our regular meeting is almost back to pre-pandemic numbers and members are becoming more confident to get out and enjoy the summer car season. I know that many of you are getting out to area cruise nights, and many of them are hosting large numbers of cars, as everyone is ready to get out and enjoy the warm weather.

I want to thank Jim Kuczmarski for setting up the Ice Cream Social at Andersons Custard this month. The weather turned cool that evening but we had close to 60 members get together to enjoy the first event of the season. I am looking forward to the next one in June at Woody's in Hamburg. The weather was great for the first Corvettes & Coffee at Paula's Donuts in West Seneca. About 25 members showed up for coffee and conversation. My thanks go out to Mike Buccilli for putting this one together.

There are 30 members signed up for the May Dinner Cruise at Resurgence Brewing Company and I expect everyone will enjoy an evening of food, drink and conversation. The next dinner cruise is scheduled at the Italian Village Restaurant on June 16th at 6:00pm. Sign-up sheets will be at the June meeting. Hope to see even more of you there this month.

Bob

*“Volunteering with Hearts and Hands has really given me purpose, and I get to meet new people which is interesting and fun. My family is grown and out on their own, but I still need to feel needed. - Note: a visit to site will also show the new C8 colors and the ones they replaced:

Actually, the biggest news I have to offer is the pics of our last HCC show for the season (Florida), including MC with her car, the lineup of c-8s, the two Grand Sports in our town (mine is the NCRS Top Flight Convertible) and the Banner we had made up. As you can see, this is what keeps me busy during the winter down here.

Mary Carol's enthusiasm has skyrocketed since the arrival of her Rapid Blue, which is on the front of the line. I managed to get 7 c-8s of all different colors for our show! It was a real hit! She was real nervous driving it the first week, but now she's feeling at home in it. She still has a perpetual grin on her face!!

Lots of miles; lots of smiles!

**Mary Carol Plott**

Editor: In talking with COB member Mary Carol Plott (home base Florida), I found similar C8 topics. We both like the “wilder colors”, it takes a few days to absorb the operating changes of a C8, and its exterior does get noticed. Opening the frunk (hood storage space) with the key fob is a challenge, sometimes better left to using the “below the headlight” button. She also favored using the “camera view” of the inside mirror, which seems distracting at first, but so helpful after a few uses. And finally, both of us are careful to vary speeds and in general “take it easy” on the car during the 500 mile break-in period.

John Heffernan:

Below is an article for consideration in the COB newsletter. I'm on the Board of Vietnam Veterans of American Chapter 77 and we are sponsoring THE WALL THAT HEALS.

**The Wall That Heals** will be visiting Western New York July 22-25, 2021 at Veterans Park, 777 Niagara Street Tonawanda NY. This is next to the VVA Memorial and our Cobra Helicopter. It is a 3/4 scale replica of the Vietnam Veterans Memorial in Washington DC. The Wall travels throughout the United States allowing thousands of Vietnam Veterans and their families to see the Wall to honor their service. The 53-foot trailer that carries The Wall transforms to become a mobile Education Center. The exterior of the trailer features a timeline of the "The War and The Wall" and provides additional information about the Vietnam Veterans Memorial in Washington DC. Chapter 77 is managing The Wall That Heals and it will be manned by Chapter 77 members 24 hours a day. History says to expect 10,000 to 15,000 visitors.

## Prospective Members: Joe & Denyse Weatherbee

Let me tell you about our 2020 corvette. We went to the car show in Buffalo and saw the 2020 corvette. It was love at first sight. We went home and talked about it and decided why not.

Ordering a corvette is not like ordering a regular car. The dealers have allotments and once they are met, they cannot take any further orders. I called several dealers and was told they could not take anymore 2020 orders. My last shot was Fuccillo on Grand Island and he had one left. We went there and placed the order 2LT Arctic White (G8G), Jet Black Leather interior, 251 performance package, E60 Front Lift memory, plus options ER1, Q8Q, SPZ, VQR, and VYW. They said two to three months (this was early March).

During this time Chevrolet went on strike, then covid19 hit. The cutoff date for orders was March 17th. We barely made the cut off. Then they said they were not going to fill all the orders. Friends had ordered a corvette convertible before we ordered ours and they were told it was not going to be built. We got word in June that they were going to make my car, since it just made the cut off. We waited and waited and kept emailing the Corvette Concierge to get any updates. Nothing. Then at the end of November, they said it was in production. December came and they said it was shipped to the dealer. On Monday, a week before Christmas the dealer contacted us and said the car came in and I could pick it up Wednesday after 5. December in Buffalo can be tricky, so I checked the weather and a snow storm was due on Thursday.

On Wednesday we got to the dealer at 4:38, they showed us the car and you can't help but fall in love with it, but now the paper work had to be completed. With all the paper work and the BS, it was around 9PM. They of course, want to go home and I want to get the car in storage. The salesman said we will go over the car when I bring it back with 500 miles. He showed me how to start it, put it in drive and backup.

So, off I go with my wife following me home. We get home and I can't get out, I can't even open the door. I'm looking for the door handle and it was nowhere to be found. I rolled the window down and told my wife I can't get out, because I don't know where the door handle is. She looked at me and said "crawl out the window" ... ha ha. She then opened the door and I found a button that you needed to push. So, this is how it sat all winter until March.

Joe
